

GREAT WORDS

Raise your words, not your voice.
It is rain that grows flowers, Not
thunder

- Rumi

Pandemic to New or Old Normal?

Now that we are getting back from the deadliest pandemic in the history, working from home or attending school from home has become yet another history for many of us. The good news is we are starting to see a light at the end of the pandemic tunnel now. From Pandemic to New Normal and now back to new normal or old life. A catastrophic answer will get from various people when it has been asked about the lessons learned.

But the reality, the world has been suffered a lot especially to those who are underprivileged. Therefore, it is the duty of the remaining to support and excel a life with compassion, sustainable and nature friendly. Certain parts of the world have restarted normal life but as if the celebrations are out of the imagination without considering the recession that facing many which is called post corona effect.

There are just a few of the insights gained by many over the past two years. So, let go of thinking that life will return to old normal. But do not live as if the world is eternal. Use the resources wisely, maintain a sustainable world and be practice the art of giving. The lessons have much more to offer and has exponentially changed how we will grow and interact with others.

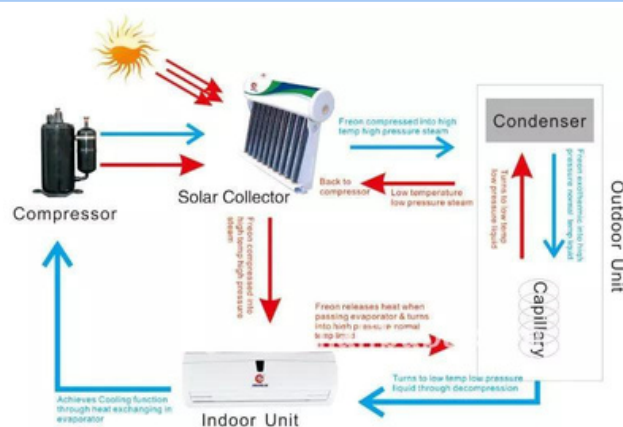

Don't be afraid to work miracles on yourself, Its normal to come across obstacles, that's how we learn when we overcome challenges. Life is a lesson; we learn every day and we will continue learning every day. This is one among the learnings from the pandemic. Be inculcate the learnings and be a new human being to do good always to protect the mankind and earth.

Eid Mubarak

“The holy month of Ramadan was celebrated with devotion. Now it’s time for Eid. “Hold to forgiveness, command what is right; but turn away from the ignorant.” – [Quran, 7:199]

“On the auspicious occasion of Eid-Al-Fitr, Delta4 Group extends greetings and good wishes to the Government of Kuwait, Citizens and expatriates, warm wishes for a successful and wonderful year ahead.... Eid Mubarak!!!

Hybrid Solar Air Conditioners

Hybrid Solar Thermal DC Inverter Air Conditioner system, absorb the heat through the thermal panel, heat again the refrigerant out from the compressor's exhaust pipe, utilizing the law of energy conservation, thus reducing the compressor's energy working, achieving energy savings.
